May this New Year bring endless joy, best of health, peace, prosperity and unforgettable memories for each and every member of BBJ Team and their families.*

*With your hard work and perseverance BBJ has successfully completed important and challenging projects - Railway Bridges across River Ganga at Prayagraj (operationalised since 12 December 2024 & extensively used during Maha Kumbh), seven Railway Bridges on Bairabi – Sairang line in State of Mizoram (operationalised since 13 September 2025), two Railway Bridges across Irang and Iring river between Khongsang to Noney Station in the State of Manipur, Rail Bridge across Hasdeo River near Korba, Chhattisgarh on 11 October 2025 and three Railway Bridges at Balakot, Alamatti, Karnataka in Gadag - Hotgi Doubling Rail Project (line is operational from 23 August 2025). These achievements have augmented our technical & financial credentials for future business as well as reinforced our confidence in meeting the challenges ahead.*

*Dear colleagues, BBJ has also made a modest beginning in other business segments as civil works, road over bridges, replacement of bridge girders, industrial structures, foot over bridges, solid waste management etc, which is surely going to contribute to much desired diversification and business growth requirements.*

I am confident that BBJ Team will gear itself appropriate skill sets to overcome the complexities and challenges of the new businesses.*
